Dear Aaron,

**Re: Pollution Prevention and Control Act 1999
Pollution Prevention and Control (England and Wales) Regulations 2000
Permit 24/93-Vehicle Respraying
Gladwins Ltd, Church Rd, Warboys**

We have pleasure submitting out VOC summary for the year 2005.

We have over these past years at Warboys been testing various new paint schemes from various suppliers and have now chosen to use the latest fully compliant RM Onyx Water-borne products.

We are confident that these products will reduce the overall VOC usage for the next calendar year. We are still however working closely with our suppliers to further reduce our VOC usage with the implantation of improved products and systems of application and use.

We hope you find this satisfactory and should you need any further information please do not hesitate to contact me.

Yours sincerely
For and on behalf of Derek Gladwin Ltd
