Dear Sir

**ENVIRONMENTAL PROTECTION ACT 1990 PART I**

Thank you for consulting the Health and Safety Executive on the applications submitted by:

W R Grace (Container Product Line)

Unitrition International Ltd

I have no specific comments to make. However during your own consideration of the applications you may identify particular areas of potential conflict with health and safety at work issues. If so, I would be pleased to discuss them with you.

Likewise, if the applicant wishes to discuss his duties under workplace health and safety legislation I suggest he contact this office direct.

The following text may be a useful reminder to the applicant and you could include it in any covering letter sent with the authorisation.

"This authorisation is given in relation to the requirements of Part I of the Environmental Protection Act 1990. It must not be taken to replace any responsibilities you may have under workplace health and safety legislation enforced by the Health and Safety Executive."

Please let me know if I can be of further assistance.

Yours faithfully

**P S POYNTER**  
HM Principal Inspector of Factories
