B. About the installation

B1.2. A plan of the premises showing the location of:

- (a) the premises
- (b) where the dry cleaning machine(s) will be installed
- (c) where the dry cleaning solvents will be stored
- (d) where the dry cleaning residue will be stored
- (e) any drains within the installation and in the immediate area of the installation which may be affected as a result of any potential Volatile Organic Compound (VOC) release from the dry cleaning operations

must be attached.

B1.3. A description of the location and methods of storage of:

- (a) dry cleaning solvents
- (b) dry cleaning residue

must be supplied.

B1.4. Make, model name/number, serial number, load capacity, date of installation of machine and type of dry cleaning solvent used.

Make	Model	Serial Number	Load Capacity	Date of Installation	Dry Cleaning Solvent
SZCO	SHOP STAR	324560	18 LB	1997	PERC
REBELION	35	25105109	18 LB	1995	PERC
REALSTAR	RS373	25105109	35 LB	2004	PERC

B1.5. Provide details, including a schedule, of checking and maintenance procedures for each machine. This should include the machine manufacturers' recommended operating procedures, checking and maintenance requirements and any other additional procedures undertaken by the operator.

B1.6. Provide details of any other activities carried out within the dry cleaning installation which involve the use of organic solvents in particular spot clean solutions, water-proofing solutions and any other solvents or solvent borne preparations

B1.7. Provide details on the training and relevant qualifications regarding operating and maintaining the dry cleaning machine in accordance with the Secretary of State's Process Guidance Note PG6/46(04) for Dry Cleaning.

B1.8. Specify how the product will be weighed and recorded weekly and annually.

B1.9. Provide details how the mass or volume of solvent used will be determined and recorded weekly and annually (due to the low use of spot cleaning solvents they need only to be determined annually).

If **Yes**, please provide full justification, considering the definition of commercial confidentiality within the PPC regulations (See the general guidance manual).

C4. Data Protection

The information you give will be used by the Local Authority to process your application. It will be placed on the relevant public register and used to monitor compliance with the permit conditions. We may also use and/or disclose any of the information you give us in order to:

- consult with the public, public bodies and other organisations,
- carry out statistical analysis, research and development on environmental issues,
- provide public register information to enquirers.

B2.0. Risk Phrase Solvents : Are any substances or preparations which because of their VOC content are required carry one or more of the following risk phrases used within the installation:

- R40 Limited evidence of a carcinogenic effect
- R45 - May cause cancer
- R46 - May cause heritable genetic damage
- R49 - May cause cancer by inhalation
- R60 - May impair fertility
- R61 - May cause harm to the unborn child.

Yes	No
	✓

(Details of the risk phrases of the materials used can be found on the original suppliers packaging and in the Materials Safety Data Sheet (MSDS) for the product)

If **Yes**, provide full details of how and why these risk phrase materials are used and how the requirements of the amendment 1C of Schedule 1 of The Solvent Emissions (England and Wales) Regulations, 2004 SI 107, substitution, control and limiting of emissions of risk phrase materials will be met.

C1. Fees and Charges

The enclosed charging scheme leaflet gives details of how to calculate the application fee. Your application cannot be processed unless the application fee is correct and enclosed.

C1.1. Please state the amount enclosed as an application fee for this installation.

£ 134.00

Cheques should be made payable to:

Huntingdonshire District Council

We will confirm receipt of this fee when we write to you acknowledging your application.

C1.2. Please give any company purchase order number or other reference you wish to be used in relation to this fee.

C2. Annual charges

If we grant you a permit, you will be required to pay an annual subsistence charge. If you don't pay, your permit can be revoked and you will not be able to operate your installation.

C2.1. Please provide details of the address you wish invoices to be sent to and details of someone we may contact about fees and charges.

28A+B HARDWICK ROAD
EUNOTES RURY

NOTES FOR PERMIT

B1.5. All the machines are checked daily for visible leaks etc. Thorough weekly cleaning of still and filters all other checks are carried out as per the manufactures handbooks.

B1.6. We use only proprietary spot cleaning solutions we do not reproof or waterproof.

B1.7. Due to the nature of dry cleaning and the change in material manufacture and chemicals training is carried as and when it is necessary.

B1.8. We have dry cleaning scales and each machine cycle is recorded and weighed.

B1.9. All our perc is stored in the machines so when we get our delivery the total weight of cleaning is weighed for the month and calculated against the amount of perc used.
