

East Anglian Galvanizing Ltd has submitted their energy audit for 2011 and has requested that it be kept off the public register as commercial confidential information.

Huntingdonshire District Council has assessed the reasons for the request and has granted its status as commercially confidential.

Huntingdonshire District Council has assessed the information submitted and can confirm that the information is sufficient to comply with any related permit conditions.

Should you wish to discuss this with anyone please contact the Environmental Protection Team on 01480 388302.
