

Environmental permit inspection

Name of permitted activity: Paxford Composites Ltd Permit: B01/02

Discussed with: Adam and John Reference: 45061

Inspector's Name: Dave Bass Date: 15/11/16

Reason for visit:	To discuss emission progress with emission testing.	
Issues discussed:	Company still needs to undertake 2016/17 emission test. They have	
	received some prices for reinforcing or replacing the spraybooths.	
	However, currently looking into more options. DJB discussed what	
	enforcement action would be taken if testing has not been undertaken by	
	31/03/2017. JB showed current solvent usage records (acceptable) and	
	details of new plant which should improve efficiency.	
Conditions breached:	1, 5 & 6	
Risk assessment revaluated :		NO
