Dear Mr Bass

**Pollution Prevention and Control Act 1999 Permit
Solvent Inventory**

I have pleasure in enclosing the solvent inventory as required under the above permit for the six month period ended 31 October 2009.

As discussed at our last meeting, since the unfortunate fire in our Ink Production plant on 16 June 2009, production of our larger running products is currently being carried out elsewhere within the Group, and consequently our raw material purchase has considerably fallen.

Enclosed with the full six month inventory I have provided a similar return for the two month period ended 30 June 2009 and one for the four month period ended 31 October 2009 where the fall in quantities purchased is very evident.

I hope this information is sufficient for your purposes but please do not hesitate to contact me should you require any further information.

Yours sincerely

Martin Swindells
